COUNTDOWN TO **RENO** 5 DAYS

With STARS in their eyes....

It's less than a week until 16th annual **NASC™ 2005** begins it's run in Reno, NV. According to my last conversation with tournament director, John McDermott, at least 30+ people will be making their first pilgrimage to this shuffleboard Mecca and I'm one of them. I remember last year vividly...well, as well as I remember anything these days <g>. The first thing I did every morning was to hop on the computer looking to see if Jim Manders had sent out an update the night before.

I printed all the Lagging4s out to take to the local bar, posted them online where they are still available. I've read and re-read them to try to learn all I can about writing and reporting. I also chose to use his "stars" to honor his memory and to remind everyone he was the first to report "live" from Reno. I hope I can do a good job for the folks at home as well as the players on site, in Reno.

RENO

Towards that end I will be emailing notices when a newsletter has been posted. They will be created in Adobe PDF format and as JPG image files and I'll also be updating the **NASC™ 2005** web pages.

Creakbaum Now With Woolpert

INDIANAPOLIS...Larry Creakbaum, P.E., former Director of Airport Engineering at Indianapolis-based Mid-States Engineering, LLC, recently joined Woolpert, Inc., as general aviation project director. With over 46 years of aviation experience in overall master planning and airport design, Creakbaum will enhance Woolpert's aviation team and provide continued leadership for general aviation clients in the region. Creakbaum earned a B.S. in civil engineering from Purdue University. A registered professional engineer in Indiana and Kentucky, Creakbaum is a member of the Aircraft Owners and Pilots Association, American Society of Civil Engineers (Indianapolis chapter past president), Aviation Association of Indiana and Purdue Association of Indianapolis. Creakbaum will offer his aviation engineering expertise to Woolpert's clients from the firm's Indianapolis office. Woolpert, Inc., ranked by ENR as a top national design firm, is a professional engineering and architecture consulting firm providing expertise in facilities design and management, GIS, photogrammetry, planning and design, site/civil design, surveying, transportation and water management.
